# SERVICE BULLETIN

**BULLETIN # 12-04**  
**DATE: 12/07/04**  
**SUBJECT: BILGE PUMPS**

**HULL #s: 330SB # 284, 34C #'s 101 to 109, 39MY #'s 145 to 155, 410SB # 157**  
**42C #'s 211 to 218, 43MY #'s 113 to 116**

It has recently come to our attention the bilge pumps on some boats may possibly be the incorrect voltage for your 12 VDC electrical system.

To ensure that your bilge pumps are the correct voltage look for printed label located on the side of the bilge pump as shown in photograph below.

**PUMP MUST  
READ 12VDC**

If you discover that the bilge pumps on your boat are the incorrect voltage please call our service department for replacement parts at (800-882-9266)
