BULLETIN # 06-03
DATE: 9/26/03
SUBJECT: Battery Chargers

We have had a number of battery chargers returned to us by our dealers as defective. However, when tested by the manufacturer, the battery chargers were found to have had no problems.

To eliminate this issue, Pro-Tech has agreed to supply one tester free of charge to each Silverton dealer.

If any charger are returned to the manufacturer and found to have no problem, there will then be returned to the dealer with no credit issued.
